

## **Architects to get acquainted with the concept of development of Andrejsala and Eksportosta**

On 14 December 2006 at 4 pm at Torņa iela 11, Riga, the meeting of the Architects' Board of the City of Riga will take place. It will be summoned to discuss the concept of the project of the districts of Andrejsala and Eksportosta – Riga Port City.

The concept of development of Riga Port City has been elaborated by the Dutch architect Remment L. Koolhaas and his Office for Metropolitan Architecture (OMA), the British company OVE ARUP& Partners Ltd. and the landscape architecture office Inside Outside. The project developer is „Jaunrīgas attīstības uzņēmums” Ltd.

The developed project will be presented by representatives of the Office for Metropolitan Architecture and OVE ARUP& Partners Ltd.
