

Two new subsidiary enterprises founded

March 16, 2006

Two new subsidiary enterprises of „Jaunrīgas attīstības uzņēmums” Ltd. have been founded this year: „Kravu ekspedīcija” Ltd. and „Ogļu termināls” Ltd. „Kravu ekspedīcija” Ltd. provides railway services in Andrejsala and the Export area, whilst „Ogļu termināls” Ltd. deals with the maintenance of its real estate.

Currently the company has eight subsidiary enterprises in its structure.
